Associate of Applied Science

Highland Community College; Highland, Kansas

WHO I AM

I put a passion for excellence behind all I do—knowing every effort has the power to make a difference, draw someone in—and change a life.

WHY I DO WHAT I DO

I am intentional about pouring not only my talents into my work, but my heart as well. And I hope this is reflected not only in the final product, but in my character, flexibility, teamwork and ability to meet deadlines.

WHY ME?

Hello, thank you for considering me and looking into how I work along side of you with my experience, professionalism, and talents.

I have twenty years of industry experience but head knowledge is only a fraction of what is important. You want to make sure I am a good fit for your needs. I believe you will see that in my heart and the way I see the world—with design & photography!

DISTINCT

Coloring between the lines or ignoring them altogether? I'll help you find the look you need. Design is a part of who I am. I see it in the world around me—constantly absorbing new ideas, color trends and seeing what works. It's never forgetting where you've been, while always growing.

DEPENDABLE

I am intentional about pouring not only my talents into my work, but my heart as well. And I hope this is reflected not only in the final product, but in my character, flexibility, teamwork and ability to meet deadlines.

DIVERSE

Although I've shaped major marketing and media campaigns, I'm just as passionate about the home-based business up the street or the needs of a friend. Clients aren't a status symbol, they're people I can help communicate visually.

DESIGN
